

MUST SEL,2006 Audi A4 Quattro AWD Fully Loaded, Audi Certified LOWERED (10300

Location **Alaska**
<https://www.genclassifieds.com/x-396091-z>

Selling my 06 Audi A4 Quattro, its a 3.2L V6, its powerfull fast and good on gas, Fully Loaded, Heated front and rear seats, power seats + Memory, Steering wheel controls, Bluetooth, Awesome Sound (has additional speaker wires installed in the trunk if you want to runs speakers), 139k miles (not that high at all for an 06) It's an AWD, has an amazing handling and Traction control, Does not let you slide at all, i'm pretty impressed with it. Serviced at Audi dealership and it is certified, the only thing it could use is an oil change other then that they did a full inspection and everything else checked out. the only reason why i'm selling it because i am taking a Euro trip with friends and need more money. text/call me for more info

(text preferred). Run synthetic oil and Premium gas. Just dropped the price to 10,300. @ retail value. you find a deal like this for the condition of this!
