

# Found Cat (Penn Station)

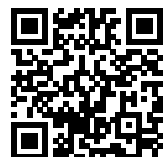

Location **Maryland**  
<https://www.genclassifieds.com/x-396305-z>

All black, young, male cat, obviously in distress, was found in the parking garage near Penn Station. Extremely affectionate, came right over when called and let my husband pick him up. He is now resting comfortably at our house in Hampden. If this is your cat, please email. He seems pretty scared. Will give you contact information.
