Great condition Canon 20D
 Not sure of the actuations but everything works great and still takes very nice pictures.
 Comes with Lowepro camera bag, 1 GB compact flash card, battery and charger.

Sigma lens is 18-125 3.5-5.6 zoom lens. The rubber rings for zoom and focus is whitening due to age but doesn't rub off. The lens works just fine and comes with Hoya 62mm UV filter and lens hood.

This combo is great for photo enthusiasts of all levels and great for students.

All of the items will be sold together, not separated.

\$120 cash only, no trades. Meet up in downtown or evenings in Waipio.
