

RE Site Survey Technician (, USD)

Location **Iowa**
<https://www.genclassifieds.com/x-396898-z>

Back in February, a company named Technolence was looking for help taking a computer and telecom survey. You were to go to each apartment location, complete a form, and take a few pictures.

I completed work in Nebraska and Iowa totaling over \$4,000, but I have not been paid and the company appears to be stalling.

Did anyone else have this?
