YARD CLEAN

Location **Hawaii** https://www.genclassifieds.com/x-397211-z

I need one or two people to help with yard clean-up: pick-up and remove cans, bottles, and yard waste from my property that was left behind from previous tenant. It should take two people, 4-6 hours to accomplish. Will pay a flat day rate of \$300. Would appreciate someone who has a truck to haul and dump.

Prefer someone who lives in Kamuela, or Waimea to reduce travel time and cost. Two references required to secure the job. Please send contact info and two references upon inquiry for the job. Cash provided at the end of the day.

If available this Friday, a bonus incentive for performing task at maximum effort and completion of the task requested.

More work in the future if this is completed as required. Mahalo! Lunch and refreshments.
