New 2015 Aspen Trail 2810BHS bunk bed travel trailer with a super slide out from Dutchmen RV!

The floor plan of the Aspen Trail 2810BHS is one of the most popular floor plans in the entire RV industry today. Kids love the double wide bunk beds! The super slide has a large U shaped sofa that seats more than the traditional dinette most company's use and makes a much large and more comfortable bed for extra guests. There is plenty of storage in the 2810BHS and while most bunk models have a very small kitchen, the Aspen Trail 2810BHS has lots of counter space and plenty of cupboard space. The master bedroom is private from the rest of the RV and has a real wood sliding door for privacy instead of the typical curtain or folding accordion door used by most other manufacturers. The master bed is a full 60x80 residential size queen bed instead of the "short queen" you will find in our competitors trailers. The bathroom design is well done and it has a shower surround and also has a skylight in the shower for more headroom and light. On the outside there is a large power awning with the really cool LED light strip! We can help with some pretty incredible financing and with the low rates we have today it's a great time to get a new Aspen Trail 2810BHS from D&D RV Center! MSRP on this RV is \$26418 but our low no hassle price with no other surprise fees or charges is only \$20999! This includes 2 RV battery's, full propane tanks and our "Camper College" customer orientation! D&D RV Center, Helena, MT or We make buying an RV EASY!
