

## **Unique, Portable Hunting Blind (Gray, Me)**

Location **Maine** https://www.genclassifieds.com/x-397914-z

This is a home made masterpiece and it is ready to go. Guides - know of a good moose crossing or bedding area? Haul this trailer into location, drop the outriggers, use the hydraulic pump (was originally in a cab-over road tractor) to lift the blind into place (floor @ 8' above ground level), lock the ladder and get ready for a comfortable and very satisfied sport. This blind is built to go wherever the truck or 4wheeler can go, then set up and leave it where you know there is game. 4'x4'x6'6" tall blind folds down into cradle so roof becomes a V-nose when transporting.

Registrable, lights, road legal... also Camo'd up and ready to be dropped off in the woods. Quite windows in each wall, swivel seat, was previously equipped with CB and Marine radios.

Asking \$1550 or best reasonable offer. Will deliver for cost of gas if it makes the sale.

Posting for my father-in-law. NOT Accepting email. Call Everett at 207-6five7-4one 33

No Spam, don't jerk him around. He's an 80+ yo.
