Lost dog. He is a little black dog, about 15 pounds, and answers to the name Gus...sometimes. He was last seen running very quickly down Lawrence St. toward Main St. If you find him, please email me. I would put number on here, accept it's craigslist, so I won't.

He is tagged, registered, and micro chipped. So, if you don't feel like hanging on to him, take him to any vet and they will scan the chip and contact me.

Thanks.

Dustin.
