I am looking for a home for my male miniature pinscher Charlie. This has been my baby since he was born. I am due in a month with our son and unfortunately Charlie does not like kids of any size. He is a ladies man. He needs his shots, he is not fixed. A fenced in yard preferably . He is a cuddle bug. He is potty trained but hates his crate. If i cant find him a loving home I will be forced into making him an outside dog. Please have experience with this breed or with small dogs in general. His rehoming fee is 50.
