Insight Consulting Group is an independent healthcare research firm looking to engage with adults suffering from migraines to gain their very important and unique perspective on what it's like to live with this condition.

We want to learn more about your experiences, what your challenges have been, and most importantly, who you are as a person. You will be providing valuable feedback on materials and ideas that will go directly to decision-makers in the healthcare industry. Your feedback could be used to help others that are suffering from migraine attacks.

Participants will receive \$20 per month for sharing their thoughts and opinions on a weekly basis. Additionally, you will have the opportunity to win an iPad simply by contributing to the discussion on a weekly basis.

If this sounds like something you're eager to be a part of, please follow the link below to see if you qualify!

We will be following up with qualified participants in the coming weeks.
