

Seeking White Lexus from hit

Location

Ohio

<https://www.genclassifieds.com/x-398360-z>

My blue Subaru station wagon was hit while parked on Random Rd. in Little Italy on Friday 4/24 around 5:30pm. A witness says it was a white Lexus, which pulled over as if to leave a note after the accident, but then did not do so. Need a license plate number to hold the driver accountable- any information would be much.
