

Needing someone to connect sound system (oklahoma city)

Location **Oklahoma**
<https://www.genclassifieds.com/x-398753-z>

We've got a sound system over here that hasnt been connected in awhile and we need someone who knows how to connect it all to either get it to work or diagnose the problem. the pay is \$15 an hour! or at minimum 15 dollars if it takes less than an hour. There will be pictures and you might want to bring cables because it very well could just be a bad.
