We play in a politically incorrect punk, grindcore, and sludge band called the shitty beatles and we are looking for a drummer and a bassist. The music we play is very offensive and is very much in the vain of bands such as GG allin, anal cunt, vaginal jesus, mudoven, eyehategod, the raunchous brothers, antiseen, skrewdriver, no remorse, kill baby, kill, etc. so whoever joins the group needs to not only have a thick skin to deal with this music but also a fucked up sense of humor. It is also important for the person join to know somewhat about how to play the instruments. We are not looking for musical godliness for the kinda music we play is pretty basic (sludge and punk) but at least have a general knowledge of what needs to be done. Also, whoever joins needs to also know or at least know how to help with gigs and such along with to meet once a week or so to make noise or maybe record.
