I am a tattoo artist, I've tattooed for ten years this year! I started at the age of 14. I stand behind my work 110%... All touch ups are free if needed, very rarely are they needed. I do all types of tattoos. Only thing I won't do is portraits. I do a lot of cover ups and a lot of custom work to fit your liking. I've worked in a shop for 6 months last year, and got let go over me having the flu because I didn't wanna get my clients sick by breathing on them while tattooing and piercing. I have a complete professional set up with a \$800 tattoo chair/massage table, I use the top of the line ink (eternal ink) and also use disposable tubes and hundreds of needles. Txt me if u wanna get inked up and I'll get U in as soon as possible.. I'll also do some trade work for certain things, Sport Bikes, Good Helmets, Cars, Guns, Jewelry, Sound Systems, Tattoo Machines. and I'm VERY interested in guns also Thank you and have a blessed day! I work with budgets as much as possible for people but I also cant do stuff for dirt cheap, my time and art work is worth a lot. Text me if you wanna get some work done!!..and ill get u in asap!... Thank you and have a Blessed!..
