Stretched tires  
Bodywork all straight.  
Mugen front lip and grill  
Front license plate relocated behind the grill in the front bumper.

Garaged everyday  
2 way Clifford alarm  
Tip sensor for the wheels

#### Cons

Needs a knock sensor, so the check engine light will come on after driving for about 5 min. I bought one from Honda a couple months back then lost it, didn't feel like buying another one.

Had the car for 2 n half years, swapped 1 year n half ago. Painted 1 year ago. It's been babied. If u know a lot about Hondas u can tell I've invested well over 12g's. Asking 8.5k as is. 7.5k I put stock seats in it. No Trades. No joy rides! Unless u have cash in hand. Call or text 253 nine88 5837
