

Record out of town (Austin)

Welcome to the Comfort Zone

This is an offer made only for the right project. We are an Austin/LA based production company with a line of credits, more importantly, a huge list of accomplishments in the indie world. We acquired a large home in Austin Texas where we have built a studio for the sole reason of developing talent. It is a place where you can stay for a week or so and record as many tracks as you like or as many as necessary. More importantly, you can work one on one with a professional, laid back, resourceful producer and a booking agent to assist you with what lies ahead.

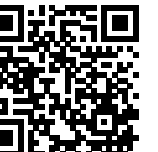

Food and lodging are taken care of and there are no hourly rates. The project rate is the all inclusive rate. We will help you with anything you need such as photos, videos, ISRC codes, launch protocol the professional way. We have artists from Portland, San Fran, Los Angeles, Boston, San Antonio, Dallas, Melbourne AU, the list goes on, all coming to work on their music at our facility.

There are flat screens, playstations, chill patio, porch, grill, blowguns, swords, games, ponds, instruments, microphones, consoles, guitars, vocal booths, drum rooms and all the attention and artistic love you need to get it done right. It's the most unique recording experience you will ever come across.

Email Kayla at industryconnection1@gmail.com, send us a link to your material and a little about you. We look forward to hearing from you soon!!
