

SWISS ERGO DESK CHAIR Inflatable Egg Back Posture Office Chair ball (35 USD)

Location **Delaware**
<https://www.genclassifieds.com/x-400243-z>

I bought this new a few years ago for for about \$145.00 which very honestly is too much even though that's the lowest price I could find. It's basically like new because not much can wear out on it. It has an all metal frame. and the "Egg" itself is pretty tough and wipes clean of course.

It's basically an inflatable EGG shaped heavy duty ball that does help many people with back problems like myself. As with all of these things results can vary, but these "ball" chairs have a pretty big following because you can vary the air pressure according to your own comfort. It also varies the height as you pump the ball up.

Included is also the pump, and some "wrap around" foam for the back although the cloth came loose. I wasn't using the foam anyway but did keep it.

I'm only asking a small fraction of the price for it. If you want to try this model but don't want to pay the huge price for it contact me ASAP.

I am available almost every late afternoon or early evening for you to come look at it.

The price is firm as any lower and I will just keep it, plus I don't like haggling ;-)

The following is from the manufacturers description of the chair....

"The size of the ball is 45 cm. and it can carry weights of up to 700 Lbs. The warranty is for 30 days from the time of purchase. Sometimes referred to as the ergonomic ball chair, ergo ball chair, swiss egg chair, ergonomic office chair, ergodynamic chair or ErgoChair, our Ergonomic home and office chair was designed in Switzerland by a group of engineers, doctors and physical therapists utilizing the benefits of the exercise ball and we are so sure you will love it that it comes with a 30 day money back guarantee.

The Ergo Chair - ergonomic chair has claimed great success throughout the European community in health care centers, hospitals and physical therapy clinics. It has now a patent for ergonomic design in the U.S. It is the first time that the ErgoChair is available yet it has the ergonomic benefits of the exercise ball. It allows the user to sit up correctly, thus strengthening the spinal muscles, relieving tension in the neck, shoulders and lower back, and promoting a more natural and comfortable sitting posture. And it is perfect for hours; students, home office workers, computer professionals, individuals with back and neck problems and even children who need to be encouraged to assume a more correct posture. The possibilities are endless. This new system consisting in our ergonomic ball chair is good for just about anybody. The ErgoChair is a simple breakthrough. Being in an office chair for hours can be a good thing. This revolutionary new method of sitting will change your life. The chair comes complete and the egg ball can be taken out and used as an exercise ball. The height of the seat is adjustable by inflating or deflating the ball with the hand pump. The range is 1" to 18".
