

# 20 percent for sale garrentted

Location **Alaska**  
<https://www.genclassifieds.com/x-400277-z>

Designed for use in extreme conditions, remote locations, and emergency situations where shelters are needed, for People and supplies. Each unit is designed to be assembled in very short time frame by one person. Each unit is capable of sealed environment with fully filtered air. With heavy insulation and radius design it is possible to keep cooler in the heat and warmer in the cold with less energy expenditure. Are shelters are created to be hosed down after use for cleaning. And to be stored in very small area with a weight far less than any other shelter on the market,

4 bunk unit

**Semi permanent light weight remote and emergency storage /cabin**

With assembly system that creates weather and air tight seal each unit can be set up with filtered air system for sterol environment

Each unit is designed in 2 foot sections for ease of transport and assembly The length is variable and can be added to indefinitely After assembly units are water tight and can be set up for completely filtered air

Due to construction design width is fixed but the length can be adjusted indefinitely

Interior width at 6ft 8 ft 3 in at 4 ft 11 ft

**S.P.S**

the best possible alternative to any situation requiring the shelter of people and or property. extremely strong and very easy to handle shipping is no problem designed for set up by one man in couple hours

Looking for partner

We are looking for financing, will guarantee your money and full return in first 2 years at the outside, but we expect that you would get full return in first year. With the demand weve seen that's very reasonable expectation. But we will still give you 20 percent interest in the business to make any risk pay we only need 200,000,00 and can start producing within a month. Drop e a line ill get you information.
