Hello and thanks for reading my post. I am looking for a sketch artist to help me with a problem. I have been talking to a counselor about a body image problem I have. She suggested that I step way out of my comfort zone and get a nude sketch done. She said that I will be able to see how I am seen by another person, almost through their eyes by looking at a sketch. Also it will help to feel comfortable and accepted being nude around one or more people. This will not be easy for me to do so I will need some time to get comfortable being nude around you. Please reply with a little bit about yourself and your rate for your talent and understanding. I am a man in my late 40's

Thank you.
