Does anyone do Eyelash extensions in DE (Dover, De)

Location Delaware https://www.genclassifieds.com/x-400642-z

I am looking far and low for someone who is experienced in doing eyelash extensions. I would like a full set and I also want my bottom lash line done (I have read some people don't do this). I am interested in faux silk or faux sable lashes not mink.

I live in Dover so, that would be ideal but any one in Delaware is free to contact me with a price list or site!

Also if you do eyebrow threading you are welcome to contact.
