I have been an attorney in Central Florida since 1975. I have extensive experience in handling criminal cases, misdemeanor & felony. I handle many DUI cases. My fees are reasonable.

I believe that people should be able to have competent legal representation for a reasonable fee.

I don't offer payment plans, but I do offer great low fees.

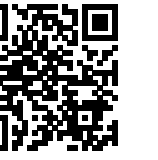

If you call me, I will be happy to discuss your criminal case with you at no charge.

You are welcome to call me on Saturdays, Sundays and evenings at your convenience, and your call will be promptly returned.
