

# VRS Commercial Vehicle Exterior paint refinishing painting Detailing (Great Low Price)

Location **Hawaii**  
<https://www.genclassifieds.com/x-400913-z>

VRS Mobile Professional Commercial Vehicle Interior & Exterior Vehicle Car & truck and motorcycle work and we do large trucks and Commercial Vehicle paint work and touch ups and refinishing & restoring of the your Vehicle and Head light restoration and polishing, and we never us sand paper on any Head lights or tail lights that we restore! We also do complete Engine compartment cleaning and painting and restoring it to like new condition as well as refinishing and polishing and painting of all types of Rims IE: chrome rims, metal, and all types of Aluminum & steal and paint and restore all types of hub caps.

Our direct phone number in Maui is 808 214-eight501

ALSO VERY IMPORTANT TO KNOW: READ BELOW CONCERNING OLD black and gray PLASTICS PARTS AND MOLDING ON CARS AND TRUCKS:

Our company does a complete detail OF THE VEHICLE BOTH INSIDE AND OUT and were other detail company's just put armorial on old black plastics to make it shine, in 4 or 6 days the heat dry's it up and it is gone and the old black plastics DISCOLORING as before COMES RIGHT BACK like it was before you spent your money to have it detailed right and looks nasty again! The black plastics on almost all cars and trucks that has started to turn Grayish black from age and heat, we do a COMPLETE PAINTING OF THE DISCOLORED PLASTICS to make them look like brand new and that's the way it should look AND LAST AFTER THE JOB IS DONE CORRECTLY THE FIST TIME!!!! Also if there are sections inside the car or truck that need painting we do that as well.

Our company gives you estimates, but only we do your Vehicle and our prices are far better than any Detailing company's!!!!

Our Company and specialists in complete removal of almost any scratch or more or over spray paint or water spots and our company is the main company that does all complete work for all the Major car dealers on Maui with all Chrome and metal wheel and rim work on rim repainting and chrome and metal rim polishing and refinishing and painting and making your wheels like new but the real fact is the car we put into every job to make sure it is right 100%.

---

NOTE: Prices are contingent on the size and condition of the vehicle. Special rates for (CAR DEALERS) and those who deal in large numbers of motored vehicles AND MOTOR CYCLES. SPECIALIZED PACKAGES ARE ALSO AVAILABLE.

There are some people here in Maui who will "detail" your car or head lights or rims on your car or truck other type of Vehicle, They will be "cleaner" than they were before, And that's ok I guess.

But what our company can do for your head light or rims and other areas of your car & truck, takes it to a WHOLE OTHER LEVEL of LIKE NEW CONDION!

Our Company does give FREE estimates, BEFORE we do your Vehicle!

Please SEE our Pictures for the quality of work we do and stand behind every vehicle we service 100% and our company does most of the Major car Dealers here in Maui. Our company is the only company that does COMPLETE car & Truck RIM WORK, complete Rim refinishing & painting, polishing, and Aluminum and Chrome steal brush polishing!

VRS Professional Auto Exterior refinishing and restoring involves Professional Auto Detailing & refinishing and restoring in full Car and trucks of all types and size's and Motor cycles as well as motor coach's. Interior, Exterior, full buffing & Polishing as well as Scratch Removal & Scratch minimization & scratch paint color fill in matching system that we use and also we provide Over Spray Removal, Oxidation Removal, Concrete Removal, and all other visible components on the exterior and interior of a vehicle that mare the finish as well as bringing back a clean in side and shine to the car's paint finish on the out side.

We also do complete professional on site paint scratch fill in with our color paint matching system on cars & trucks and motor cycles of all types and we paint old bumpers and trim and other areas of the car or truck or motor cycles that have faded or become discolored over age and we can re-paint to factory spect's and color like new. We also removed other items such as bugs, tar, sap, paint over spray, fine scratches, swirls, oxidation and other imperfections from a paint surface produced from improper washing techniques, drying techniques and other possible causes etc.

We do complete professional Headlight Restoration of those foggy or yellowed Head lights and Tail light and we do our best to bring them back to like new condition and do not use any type of sanding process which will damage the light lens' which can never be restored once sand paper has been used on the lens but apply special type of chemical on the lens' that restores almost all lens to like new condition.

Professional Auto Scratch Removal & Scratch minimization as well as scratch paint color fill in matching system that we use and also we can provide Over Spray Removal, Oxidation Removal, Concrete Removal, We can also removed other items such as bugs, tar, sap, paint over spray, fine scratches,

---

swirls, oxidation and other imperfections from a paint surface produced from improper washing techniques, drying techniques and other possible causes etc.

We also have Protecting shield finish application that we also provide a service for Cars or trucks and motor cycles finish (in liquid or paste form) when we do a complete polishing and finish of the whole Vehicle this then prevents foreign matter from easily not adhering to the surface of the vehicle, including minerals in water, bugs splatter, tar, and dirt and the sealants we apply provide this barrier against the most elements.

Full Size vehicles: Cars/vans/trucks in most case's \$159 to 295 depending on the condition and includes Interior, Exterior. Engine compartment are cleaning is Extra if needed.

Motor cycles in most case's are \$89 to \$285

Not responsible for valuables left in vehicles

Additional costs may be applied for extra work on vehicles that are excessively Damaged or need paint over spray, removal, Concrete Removal, Water-spot Removal, fine scratches filled in, swirls damage and bad oxidation and rust damage and other imperfections from a paint surface produced from improper or bad washing techniques, and other possible causes to the Vehicle.

We here at VRS have years of experience and insight and training in cutting edge auto Vehicle refinishing and restoring methods and technology to stand by every thing we complete and do for you and we stand behind our work and can make that car, truck or motor cycle like new again, and we can remove almost any scratch or mare or over spray paint or water spots, and our company is the main company that does all complete wheel and rim work on rim repainting and chrome and metal rim polishing and refinishing and painting, but the real fact is the care we put into every job to make sure it is right 100 %

No large Business ad campaigns or extravagant bells and whistles. WE SPECIALIZE IN REALLY FAST GREAT QUALITY SERVICE W/ Cost Effective Pricing THAT WORKS FOR!
