You have found the computer assistance you have been searching for. Affordable, trustworthy, and knowledgeable! My rates are simple to understand and very competitive:

\$50 for any problem, no gimmicks or fees. The rate doesn't change for the type of job, and there are no hourly rates, \$50 flat fee for any issue! This guarantees you aren't paying for something you don't need, and the only way the cost goes up is if we have to order parts to fix a problem. I also offer discounts for multiple machines. Don't pay \$150 or more or let someone charge you extra fees after a paid diagnosis, I charge the same no matter the task:

- Laptops or PCs
- Virus Removal
- Internet Connectivity
- Data Recovery
- Printers and Other Peripheral Installation
- System Restore
- Small Business Administration
- Broken Laptop
- Password Cracks
- XP Upgrades
- Much, much more!

Don't worry, we'll pay anything unless the problem is fixed, and I'm also happy to let you call us to discuss the
what your problem is and give you free advice/consultation. Give us a call and we'll talk for free. We
tune early or late as we can to assist in emergency situations when retail stores are closed.

I am doing this on the side of my full-time PC technician career, and I am certified and professionally experienced. I hope to hear from you soon and thank you for reading.
