The InSTEP Presto bicycle trailer has 3-point harnesses that keep your children safely secured. Its front and back quick-release wheels can be attached and detached easily. It has a screen that shields your youngsters from rain, sun, wind and bugs. This kids' bicycle trailer has a frame that folds effortlessly, making transport and storage a breeze. It fits most standard adult bike frames. This double Pacific cycle trailer can accommodate 2 children and holds up to 100 lbs of weight. I bought this brand new at Target for \$99.99, and we used it once. I am looking for \$70. Please let me know if you have any questions. I can meet you in the area. Please - only reply if you are a serious buyer. !
