I got a new computer through a grant, and am therefore selling my Macbook Pro. It's a late 2011, 15" (non-retina) model, with a 2.2 Ghz i7 processor, 4 GB RAM, and a 500 GB hard drive. There's some minor scuffing on the bottom (pictured in last two pictures), but everything else is shipshape. It's got Apple Care (is eligible for warranty repair) through July. \$699 or best.
