Each and every couple deserves the wedding of their dreams and so I offer a photography package to meet your needs. I can bippity-boppity-boo up a package to fit any size, time frame or gala you can come up with so it sounds like it is time for us to have a nice chat about your vision for your wedding and how I can make that into a reality.

Your photographer is usually the one person who is with you every step of the way on your wedding day, so you want one who knows how to make the most of every minute and will be able to work with you to make sure everything runs just as you want it to. And I will be there still after the vows have been said, the bouquet tossed and the toasts are finished, helping your to choose the mementos, gifts and anything you could possibly need to commemorate the day you became Mr. and Mrs.
