I am traveling across the country body painting in each state! The project is called Bodies Across America and I'll be in Vermont this weekend, which is my 22nd state to finish! I'm looking for a volunteer or two to represent Vermont in my book. I'll be in the area Friday Sat and Sun. Body type and age doesn't matter to me, this project is promoting loving the skin you're in! Hit me up if you're interested , I have underwear pasties bathrobes etc. Don't fear the weather or the publicness, I'll only paint where you're comfortable :) Hope to hear from people! Looking forward to!
