Dog bike trailer or hauler

Take your pet for a ride through the park, VT bike paths or use it hauling picnic supplies.

This bicycle trailer is easy to assemble, no additional tools required. You can fold it down for fast storage after taking your dog/cat for a ride. You can be sure that your pet is safe inside this pet trailer, it has a zippered mesh screen layer with a zippered vinyl layer to block the wind and rain.

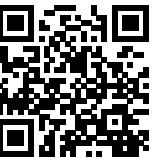

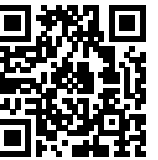

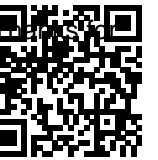

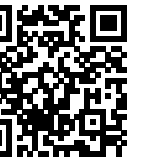

It has a removable cushion that you can wash easily, 2 storage pockets on the sides which you can use it to keep water, treats or toys. The medium size of this bicycle pet trailer is suitable for pets up to 50 pounds.

Like new, we loved using this along the burlington bike path.
 We are currently moving and no longer own a pet, that is why we are selling it.
