Is God real?

I'm posting this ad to see how real your God is... I hear people talking everyday about how good their God is... God is good all the time they say. We'll I'm gonna put it to the test in this ad. You don't know me I don't know you, and I would like to keep it that way. I've decided to test all you so called God loving people out there. I am directing all who want to prove it to do it with a small donation to my Paypal account. It doesn't have to be anything significant, but It needs to be able to make a difference in my life. Prove it.. show me. It should not matter what I want it for, if you are a beleiver in God, because you are suppose to give from the heart, and let your God handle the rest. I bet I won't get not 1 donation, because you are all full of bulls**t, and I'm out to prove it. Send your donations to Paypal at

. I'll be waiting to see, and will do a follow up post in a couple of days to let everyone know how this turns.
