Producers seeking developed / partially developed and/or packaged unscripted projects.

Solid character driven projects are ideal, but other concepts will be considered. Especially anything wilderness or crime driven.

If you are an indie producer that has a credible idea and need help to get it packaged and shopped and want to partner with a production company, please send a synopsis of your project along with your contact info in the body of the email. If you have existing treatments and sizzle reels available, please indicate so in your email.

If you have an unusual job or occupation or something hazardass, please let us know.

If you have a project that has already been shopped to the networks, it is unlikely we would be able to consider it unless you provide a detailed list of where it had been shopped. Thanx and we look forward to hearing from you.
