Last seen 3/11/12. In the area of 47th ave & Cactus. My neutered Maine Coon mix silver/black stripe Brown underbelly longhaired cat has gone missing. (Noticeable dot in left eye) I was sent a picture of what I believe is him on 6-15 a kind Lady fed him, got the picture & hasn't seen him since. I've searched the area, posted signs, put fliers on doors but still I have failed. PLEASE I am asking for the help of the Cactus Park Community behind the Fry's Grocery store (43rd ave & Cactus) If you see him or know where his safe place is. PLEASE contact me if you have any information. I would be happy to pay a reward. Thank you for your kindness. *The last picture is the one from 6
