

Yellow Lab Missing

Location **Missouri**

Our Yellow Lab, Emma, found a way to get out of our fenced back yard on Tuesday afternoon/evening. She would have been somewhere near Piney Dr/Lonedell in Arnold. She was wearing a pink collar, her name and our phone number is written on the inside. She is very friendly and loves to chase a ball. If you have seen her or have her, can you please contact me? Although we have had her for 8 years, she is chipped to her previous owner. .
