Yeah, I know you're probably thinking a big circle jerk happens with them wearing nothing but a FOX News Rules!, I LUV to say Alinsky! and I'm a Blazer for Blaze.com! t-shirts and sweatpants, well it did but then this occurred.....

They started a discussion about red vs. blue states with Missouri going radical red in the last 2 Presidential elections. Then one of the typical uninformed right wing trolls proudly boasted this..."Hussein Obama won Missouri twice. The Africans carried him to victory! Get a life, must you respond to everyone jackass ? You are not real swift are you?"

They still wonder why no one can take what they 'arriba' about seriously and credible when they don't even know what the hell they are talking about in the first place! BWAHAHAHAHAHAHA

STILL LMMFAO at that one!!
