will arm you with skills and facts to effectively deal with any situation that may come your way, when you know you possess the tools to deal with any situation the fear dissipates and you actually can relate by interacting with people. The more you practice social skills the better you become at this social just like any other sport or hobby you do. Just like karate, verbal karate has different color belts for different levels; white, yellow, blue, purple, brown and black, with their appropriate stripes.

social anxiety disorder" affects affects about 20% of the world's population in some form or another. from those uncomfortable w/ social situations to those uncomfortable w/ confrontation to public speaking, etc. we are not alone. i have my own experience with social phobia. i have been on many different meds, herbs, counselors, therapy, etc, etc. many of these avenues help to some degree but do not fix the issue. i have studied the subject and many related fields all my life and have went from a white belt to a brown belt. i am not perfect and am always studying and learning to improve but am not uncomfortable with social situations i enjoy them and thrive in them now but it takes work and you too can get there w/ the tools and techniques i can arm you with. we focus on small successes at first and build from there. like a video game

---

getting to the next level. we make it fun and you will enjoy seeing the bountiful fruits of my training and your labor as you start getting more respect and your likability factor continues to go up!

social phobia hinders our everyday lives from love and dating to family and our professional lives. it affects every aspect of our lives. and i can train you in all aspects.

some people are wanting to get more respect. others want love. others want to target a certain job or promotion and we can focus on how to have the career you want. its not just about job training skill sets but likability more so. here are a few of the genre's we offer...

- respect
- charm
- seduction
- intimidation
- aggression (how to use it when you need to and how to handle it when it comes your way)
- power
- challenging
- commanding
- adding to the fun
- assuming attraction
- swagger
- setting boundaries
- social calibration
- balancing kindness w/ strength, etc.
- confidence (comes w/ knowledge)
- voice ~ tonality, pace, rhythm, energy, cadence, etc
- body language
- facial expressions
- etc, etc, etc. . ....

we work with any budget and even offer free one on one classes for those who cannot afford us as this epidemic hinders so many people causing anxiety attacks, depression and much worse at times. we guarantee success w/ improvement ranging from yellow belt to black belt. its like any other sport or hobby. the more you practice the better you get. you get out of it what you put in. but our techniques will put you on the fast track for sure. be brave and take the first step. classes are given in the comfort of your own home via skype.

send us an email. introduce yourself and feel free to include a small snippet of what you want to focus on etc!

guitar lessons

if you're serious about learning to play the guitar or bass, and the theory and develop a repertoire of music to play--then you owe it to yourself to try a few lessons with me

you will see tangible results in the first hour and learn new things to apply to your playing

many teachers say beginner to most advanced-but are they advanced enough to really teach on an advanced or intermediate level.

college, and 42 years of full time experience teaching students on all levels have equipped me with the tools to teach anyone to either start playing or help coach

experienced and advanced players.

whatever your goal is, personal enjoyment, playing for and with friends, sitting in somewhere to play in public, or play in or with a band, i can help you advance you're playing.

i can help you with any music and any technique.

learn how to adjust your attack to just touch.

learn how to develop solo's based on the vocal lines and chords, instead of just pentatonic and blues scales.

work on finger picking as well, learn to use all 5 fingers on your right hand. or use the pick and 3 fingers, with me you will use your pinky or little finger, on both hands.

work on picking and speed and most importantly touch and feel.

learn to play in rhythm, with a metronome.

learn to read song charts, and notation and.
