

Glass Block Install Wanted (Cleveland)

Location

Ohio

<https://www.genclassifieds.com/x-435777-z>

I am looking to put glass block in a double at 11317 Dove Avenue, Cleveland Ohio in my basement windows, I think 7 windows.

I want a small vent on each window, except for the two above the washer and dryers, where I need an exhaust vent on each.

Feel free to stop by the property. There is existing wood frame/mesh that needs to be removed. The basement is clean and has modern outlets and water supply for work.

I will be on the property Saturday morning the 15th. You can reply to this ad with your phone. number and any message and I can answer further questions.

If we agree on a price, I'll gladly sign for a contract, but no money down on any job (this should be one day). I can pay immediately after work has been done and inspected.

Thank You

Daniel
