

# Voice Actors needed for Night ValeHPThe Matrix Project

Location **Wisconsin**

I would've posted in the talent section but there are so many weird/creepy listings I figured that it would reach more people here.

I'm looking for men, women and those who don't identify as either (as well as those that identify as both) with unique voices for an ongoing project. More details will be provided to those I feel are serious.

\*People with accents are encouraged to.
