We have a 5 month old AKC registered English Bulldog puppy for sale. We have an older dog that is constantly fighting with him and he can't make a move without getting attacked. We thought eventually he would get used to him but we have to keep them separated and that's not fair to him. Will not sell to anybody wanting him to be an outside dog. This breed cannot handle the heat and needs to be kept indoors. Price is 2,000 with papers and has been vet checked and up to date on shots. We love him and hate to have to sell him but have no choice. Thank you for looking, have a blessed day&;
