Hello,

I am a professional tennis teacher with both experience playing not only in High School and College but also privately on a club team semi-professionally. I can teach and or coach depending on your needs. I can teach beginners, intermediates, and expert to professionals. I can teach young children up to senior citizens. I can teach in groups or private one on one sessions. I can teach anywhere in the SLC, Park City, and surrounding areas. My rates are very competitive. I can also be just a tennis partner for someone who is looking for a strong, competitive partner to push their physical limits.

Please feel free to call, text, or email me. Number provided above.

Thanks,
