Looking to rehome my 5 month male Black Lab & Bassett Hound mix puppy. He is very lovable. Pretty much fully house trained & doesn't chew up your furniture. Great with kids & loves everyone. He is beginning to be a great watch dog & loves lot's of attention. I have had unforeseen circumstances most recently & finding him a loving family would be best for him. He would be best in a home where someone is usually home. He is completely up to date with all shots & will only need to be neutered. Please only serious inquiries. There is a \$300.00 firm rehome fee to cover some of the puppy expenses & to be sure he is going to a very good.
