Do you love peace and quiet? The calmness of snuggling in with a good book? So does this girl! Snowy is a beautiful, white, 6 years young kitty whose owner recently passed away. She is a little (quite understandably) shaken and prefers to spend her days sleeping until her foster home quiets down for the evening. She absolutely loves being cuddled and loved on - being petted is the best, even by children so long as they are calm. Snowy sleeps by the feet of her foster mom at night. She will find a quiet place to hide if things get too rambunctious. She has come out of her shell quite a bit in her foster home, not minding the resident dog so much and even cuddling with the resident cat. We think she'd do best in a quiet home with other respectful pets and not too noisy humans. Snowy would love to find a peaceful home where she can watch the flowers bloom and hear the grass grow. After that long, cold winter I think we can all relate!

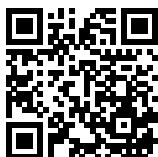

Snowy is an 11 lbs., 6 year old, DSH cat. She is litter box trained, spayed, micro-chipped and current on vaccinations. An application with references, a home visit, and a \$75 adoption fee are required to adopt Snowy. Reply to this posting for.
