  Are you having computer problems with your Windows or Macintosh PC? Virus? Spyware? Freezing mouse, strange errors or "blue/black screens"? Over 26 years of solid professional computer industry experience says I can fix any issue you may have! Now serving customers in the Richmond/Tri-Cities area all the way down to South Hill VA and anywhere in between! I also specialize in printers, wireless/wired home & business network installations, security camera installations, graphics and logos, web sites, and audio/video hardware and software. My rates are very affordable (even if you need to buy new parts then I will sell them to you at cost, some of which I keep in stock such as hard drives and memory but I do NOT for the most part keep laptop screens stocked but can tell you where to order them at a great price!) No need to pay Best Buy's super high prices or some young rookie college technician who may make your problems even worse! Come to a real professional and get the job done right the first time!. Call or text ANY time day or night at or (voice only) (If no answer please leave a message w/your # if I don't pick up and i will call you back promptly). I have as many local residential and commercial references as you need upon request. I offer other services such as home and business security camera installations (you can view your cameras from anywhere in the world!), custom built computers and upgrades/modifications, file restoration, copying or converting to e-mail and other formats, full computer backups to DVD, file download training (for great free software!), basic computer software training, Windows, internet and other software training and so much more! ****Call or text ANY time day or night at (If no answer, leave message for a quick callback)******* If required, I can happily provide you with many recent and long term local, residential and professional business customer references. Most problems do not need parts but if parts are required, they must be customer purchased. On-site home and business service calls available by appointment for a small gas/travel fee (10+ depending on location). Data recovery can also be guaranteed due to the nature that I have a 95% success rate on retrieving your lost/erased files.
