A Mark of Excellence

"Board Certification is a mark of excellence and a distinguishing accomplishment.

Within the Texas legal community, Board Certification means an attorney has substantial, relevant experience in a select field of law as well as demonstrated, and tested, special competence in that area of law.

A Distinguished Few

There are more than 70,000 attorneys licensed to practice in Texas. Only 7,000 are Board Certified.  
Board Certified lawyers earn the right to publicly represent themselves as a specialist in a select area of the law. In fact, they are the only attorneys allowed by the State

---

Bar of Texas to do so. This designation sets them apart as being an attorney with the highest, public commitment to excellence in their area of law."

copyright , Texas Board of Legal Specialization

The Texas Board of Legal Specialization was established in 1974 by the Supreme Court of Texas at the request of State Bar of Texas and is the only governing board authorized to certify attorneys in legal specialty areas.
