## **Samsung Galaxy S5**

Greetings! I am a Verizon Samsung Galaxy S5 user and work in a business that both tests my phone and the protection I give it on a daily basis. When I first got the phone, I quickly covered it in a standard case (you know, the one that stands up), and got another as a backup. Soon I found I needed something more secure - like an OtterBox.

I happened to also purchase another heavy duty case (with a unique kick-stand built in. Before either even arrived, I found I needed a longer lasting battery (that I could hot-swap in the field - when away from a charger or wall plug), and ended up purchasing a larger capacity (fat) battery that sadly won't fit in any of my existing cases!

You'll be getting a complete set of SIX Samsung Galaxy S5 battery cases and TWO holsters - enough to go with all of your fashions or activity - both at work and/or play! All of these cases are in EXCELLENT condition!

New, these would have fetched over \$100, but I'm looking for just \$50 - plus \$8.95 if I have to ship.
