

1987 Iroc z Z (28 USD)

Location **Vermont**
<https://www.genclassifieds.com/x-436440-z>

1987 Chevy Camaro z-28 iroc. V-8 TPI motor runs good, th700r4 auto trans , 3.73 posi disc rear, 16 inch iroc rims , rear tires are new , the car is a project but runs and moves around the yard , it has a lot of potential for the right person , fairly solid drivers floor pan needs to be replaced and rear 1/4 lips need a little work , I don't know a whole lot about the car I got it trade this winter but I will answer what I can . if your mechanically inclined and want a 3rd gen Camaro this might be the car for you, it will need to be towed home but will drive onto a trailer. I may part it out so if you interested in part let me know and if I have enough interest to make it worth it ill part it out. Im asking \$1800.00 OBRO for the car if interested Vermont does not title cars older than 15 years so it is sold with a bill of sale. I might trade for 1967 -1979 Ford f-series 4x4 of equal value E-mail call or txt Keith @
