Hello,

I am a mother to three kids, three dogs, and a cat. I'm moving back to the area in August and I need to find somebody who will "nanny" for my family. the perfect candidate will come to my house in the mornings before I have to go to work, take my kids to school and stay at my house with my toddler. Then pick up the older two from school, and take them to whatever sport or activity they're doing.. I basically need you to be their mother while I'm at work/school. I don't want my kids in some crap daycare where they're locked up in "classrooms" or some creeps basement where they "home daycare". I'm not sure but it may only need to be a few days a week. You also need to be on board with getting paid when I get paid (twice a month) and not be as expensive as a daycare. I'd help you out with gas and stuff. And you need a real car and a drivers license.

I think this job would be good for someone who stays home. Like a bored housewife or something.

My kids are only brats when they're bored, so they stay busy. Good luck with the little one though... He's kinda a monster. Oh, and you've got to not be scared of dogs.

If this sounds like you, let me know!

Thanks so much!
Alisha

Ps
And if your an asshole or a pedophile then never mind.
