I have found a black and white, female puppy in Irmo (friarsgate area). She is very playful and loving, but misses her home. She seemed to have been well taken care of as she was well fed, somewhat potty trained, crate trained, and knows how to fetch & sit. I can only keep her for a short time before I have to re-home (I rent)...please call me if she is yours! I'd hate to give away someone else's family pet!!!! Ask for Jess

I work most evenings from 4pm on, but you can txt and I'll call ya back when I get the.
