Interpersonal Communications by Beebe Beebe & Richmond 7th edition. I used this for Communications 2110 Spring semester 2015. It comes with the binder I used with it since it is not hard bound. There are a couple pages where the hole-ring broke through, but not much, it is in great condition overall!

I live in Tooele, but work in SLC and can meet to pick up.

Texting me is the best way to get me.
