

2006 Toyota Sienna Limited

Location **Utah**
<https://www.genclassifieds.com/x-436683-z>

2006 Toyota Sienna Limited in Pearl White
 Asking \$14,500 or best offer.

Van is in excellent condition. According to CarFax report it is valued \$940 above retail blue book based on the CarFax report (which makes this a great deal since we are asking below blue book). It has never been in an accident and has no body/paint damage. The van has had regular oil changes and other services recommended by our mechanic. All Toyota recalls have been taken care of, including fixing the latch issue on the power sliding doors (a \$4,055 repair).

This has been an excellent van for our family, however we needed to upgrade to an 8 passenger, as we are expecting twins soon.

7 Passenger with quad bucket seats
 Ice Cold front/rear AC
 Beige Leather Seats
 Heated Seats
 Floor mats
 Power rear seats
 Backup Camera
 Front/Rear Parking Sensors

Front/Side Air Bags

Bluetooth Stereo System with Phone Integration for Hands-Free Calling

180 MPH High Speed

Video System

Hydraulic Lift Gate (rear hatch)

Dual Power Sliding Doors

Moon Roof

Laser Guided Cruise Control (we absolutely love this feature for road)
