I will bring my parts all what I am asking is your labor.

I also want a mechanic who I can tell when I have a mechanic issue with my car. I need a mechanic who can fix those issues or at least can give me some advice since I am not mechanic.

Do you charge more than auto repairs or the same as auto repair shops? If yes then I don't need you!

**** IF MY CAR NEEDS SOME PARTS TO BE REPLACED I WILL BRING ALL MY PARTS I JUST NEED YOUR LABOR ****

Make some extra money while you don't have something to do or you are not busy. Email me your name and number I will then call you and will set up a time to see the car.
