I'm looking for a roommate to sign onto a year-lease with me in a lovely two bedroom apartment on the eastside. Move in date June 1. The apartment has a full kitchen, big dining room, one bathroom, a big living room, and two bedrooms. The bedroom is decent size with two windows, plenty of closet space, room for a queen bed, dresser, and chest. There's on-street parking and spots are always available. I've lived in this apartment for two years now.

The apartment is right next to a park, the bike trail, and the Urban Ecology center--really a great neighborhood, just blocks from UWM.

I'm a 26-year-old female. I graduate in May with a Master's degree from UWM and I also work full time. My cat is very sweet but he can be shy and mostly stays in my room. I'm pretty easy going and have had many roommates from Craigslist.

If you're interested, please email me with some basic info about yourself (gender, age, occupation, etc.) and what days and times you're available to see the place.

The fine details: Security deposit is one month's rent. Total rent is \$1075, so that means each person pays \$537.50 per month. Heat and hot water are included with rent. Electric and cold water is not included. Average electric bill is about \$40-50 per month (\$20 to \$25 split).
